## CONGRESS MET TODAY IN SPECIAL SESSION TO CONSIDER TARIFF

### NEW SOLONS BUT OLD CUSTOMS ARE SAME

Champ Clark Elected Speaker  
by Vote of 271 Over Mann  
and Victor Murdock

294 DEMOCRATS AND  
145 OTHER MEMBERS

531 Woman Suffragists Be-  
siege Congress; Given Spe-  
cial Seats in Gallery

WASHINGTON, April 7.—With Progressive Democracy in full control, the ranks of the Republicans depleted and their old leaders gone, the opening of President Wilson's special session of the Sixty-third Congress today, was eloquent of transition from nineteenth to twentieth century political government. New forces were in the ascendant; new phrases passed easily from tongue to tongue. New measures and new viewpoints favored by the older men were in harmony with the confident claims of the new men fresh from the people, who crowded the House benches and filled in the Senate picture.

Yet the ceremonial with which the House began its sittings was as old as its tariff problem. The formal procedure that was in vogue when Henry Clay was on the floor served by natural consent today. The crowds that filled the galleries from early morning to witness the show were able to predict and nod recognition at each step.

Bright weather marked the opening. The capitol was crowded long before the session opened. Five hundred and thirty-one suffragists accompanied by two bands, paraded under police protection and were greeted by a committee of congressmen from the suffrage states at the capitol. They were seated in a special gallery.

Clerk South Trimble stood at the speaker's desk at noon, and rapped for order. Chaplain Couden offered prayer. Trimble directed the reading of the President's proclamation calling the special session. Then the roll was called.

The roll was answered in the order of the states, with the territories and dependencies following. George V. Taylor of Alabama answered first, and Manuel Earnshaw, commissioner from the Philippines, was last. In the long list were 294 Democratic and 145 Republican and Progressive members, besides the delegates and commissioners from Alaska, Hawaii, Porto Rico and the Philippines. The Democratic majority was overwhelming, its responsibility complete.

Absent from familiar stations were "Uncle Joe" Cannon, long dictator of the House, "Nick" Longworth, son-in-law of Colonel Roosevelt; Victor Berger, pioneer Socialist member, and many another who figured large in congressional news of the past two years. On the new-caneated benches half encircling the rostrum, were the successors of 117 members who failed to return, and thirty-five men chosen from additional districts or from states at large. Only five of the 142 new members had ever sat in Congress before.

The clerk announced a quorum present, and stated that vacancies existed in three districts—the Thirtieth Massachusetts, First South Carolina, and Tenth Texas. He announced the next business to be the election of a speaker.

Champ Clark of Missouri was placed in nomination for a second term on behalf of the Democratic caucus. James R. Mann of Illinois was similarly presented by the Republicans. Victor Murdock of Kansas was named by the Progressives. The roll was called in alphabetical order, and Clark was declared elected. A committee of the three parties was named to escort him to the chair, amid applause that swept the galleries and echoed through the chamber and the corridors beyond.

Clark was elected speaker by 271 votes, Mann receiving 111 votes, and Murdock 18 votes. Election of the clerk, sergeant-at-arms, chaplain and minor officials was secured by resolution, offered on behalf of the majority caucus. The Republican minority submitted its list of candidates as a substitute, which was promptly voted down. The officers were immediately sworn in.

Resolutions of a routine nature. (CONTINUED ON PAGE EIGHT)

### Women Appeal To Congress for Right to Vote

WASHINGTON, April 7.—Concurrently with the opening of congress, a great war began here today. It was the war of womanhood for the right to vote, and suffragists by the hundreds were on hand to launch the campaign. The first guns fired were at the mall of President Wilson, which was so heavy that the letter carriers complained of overwork, and telegrams fairly flooded the executive offices. Each of these communications asked, demanded, suggested or pleaded that the question of suffrage be taken up by congress.

Before noon, several hundred women were assembled in a downtown theatre, where a "rally" preceded the first personal work. After this, an informal parade to the capitol was planned, with Boy Scouts in line to help keep order. The women were given special seats reserved for them in the gallery to witness the opening of congress. Later began the real campaign. Senators and congressmen, each was besought to advocate suffrage by voice and vote. This plan, the leaders declared, will be kept up. Miss Alice Paul is in charge of the campaign, but national leaders such as Dr. Anna Shaw, Charlotte Perkins Gilman and others will be here at intervals to assist her.

### Bulletins of News

Hot from the wire up to 3:30 p. m.

#### THE WEATHER

Fair and warmer tonight and Tuesday; light northwest winds.

#### Alaska's Colonization

Will Result From Panama Canal

WASHINGTON, April 7.—I look forward to the Panama canal's being put to at least one use which will mean everything to the Pacific coast and that is the colonization of much of the undeveloped region on the Pacific side of the continent and finally settlement of Alaska," said Capt. Conrad Seim of San Francisco yesterday.

#### Mackerel Run at Redondo

Said to Be Biggest of Years

REDONDO, April 7.—Not for several years has the run of mackerel been so heavy as yesterday and what No. 1 was lined with fishermen from early dawn until a late hour in the afternoon.

It is estimated that fully 400 mackerel were taken at this port yesterday.

#### Boston Requires

Muzzles for Hatpins

BOSTON, Mass., April 7.—Your eye will be safe on the crowded cars here after today, when the new law requiring muzzles for hatpins went into full force. Disobedience of the law is punishable by a \$100 fine.

#### Stakes and Purse of

\$25,000 for Brunot's Island Meet

PITTSBURG, April 7.—Entries closing here today for the Pittsburgh Driving Club's grand circuit trotting meet at Brunot's Island track August 14 to 18. Three installment purses and stakes aggregating \$25,000 have been hung up.

#### Silk Swindler of More Than

\$1,000,000 Charged to S. R. Stories

NEW YORK, April 7.—Stories of swindles aggregating more than a million dollars were ready for the hearing of Judge Seabury here today when Sal R. Jackson, known as the "petticoat king," was put on trial. Arrested last December in front of the American consulate at Frontera, Mexico, Jackson is alleged to have, by operations in silk, made victims of many merchants.

#### Quaker City Mayor Hires Hall

to Assist Political Enemies

PHILADELPHIA, April 7.—When Philadelphia tonight hear Mayor Rudolph Blankenburg assail his political foes at the Academy of Music, they will do so at the mayor's own expense, for he had hired the hall to pillory the men who, he says, have blocked his every reform move. Senator Penrose, the Vane brothers and McNichol, styled the Republican bosses of Philadelphia, are announced as the mayor's targets.

#### Woman's Mite to

Defend Country's Defense

GENEVA, April 7.—A poor woman living at Antwerp sent three eggs to the local military authorities as her contribution towards the purchase of army aeroplanes. She stated that, not having any money, she gave what she could to aid in her country's defense.

## KING NICHOLAS' DEFI PLEASED HIS PEOPLE

Nation Will Support Refusal to  
Raise Scutari Siege as De-  
manded by Powers

### POWERS HAVE ASSEMBLED FLEET IN ANTIVARI PORT

Servian Artillery Rushed to  
Scene; Cannbade to Cover  
Assault Planned by Allies

CETTINJE, April 7.—Fresh Servian artillery has been brought to the beleaguered city of Scutari, and a general cannonade is to accompany an assault by the Servians and Montenegrins, according to apparently authentic information received here.

The reply of the Montenegrin premier to the note from the admiral of the British squadron lying off Antivari, with the ships of the other powers, demanding that Montenegro heed the order of the powers to raise the siege of Scutari, has met with popular favor, and the defiant answer is supported by the nation. Scores of messages of congratulation on their stand have been sent to King Nicholas and Premier Tovanovich.

CETTINJE, April 7.—The little kingdom of Montenegro has thrown down the gauntlet to the six great powers. She declines to yield to the demand of the powers to abandon her attempt to gain possession of Scutari, and has officially announced "there will be no departure from an attitude which conforms to the necessities of the state of war existing between the allies and Turkey." An international fleet, comprising warships of Austria-Hungary, Italy, France, Germany and Great Britain, is now blockading the Montenegrin port of Antivari. The fleet includes four Austrian warships, the British cruisers Yarmouth, Indefatigable and Gloucester; the German cruiser Breslau, the Italian cruiser Pisa and the French cruiser Edgar Quinet. Russia is not represented by a warship, but acquiesces in the naval demonstration.

In reply to England's note, representative of the powers, protesting against Montenegro's refusal to submit to the powers' wishes, the Montenegrin premier replied in a note expressing regret at the presence of the fleet, which he considered a violation of the neutrality proclaimed by the powers at the beginning of the war.

#### CONFERENCE OF POWERS—

RESULT PROBLEMATIC

LONDON, April 7.—The ambassadors of the powers are in almost constant formal conference as a result of the answer to their demand to raise the siege of Scutari, by Montenegro's Premier Tovanovich. The powers' future action is problematical, but serious discord is reported to be threatened. Kiel dispatches say that two additional German cruisers have left there for Antivari to join in the naval demonstration against Montenegro.

Serb General in Charge

LONDON, April 7.—A dispatch to the Chronicle from Vienna says that King Nicholas of Montenegro has resigned as chief in command of the army besieging Scutari, in favor of the Servian general, Bojovic. The correspondent adds that a general storming of Scutari was scheduled to take place Sunday with the aid of fresh Servian troops.

#### WILSON EXPLAINS

WHY HE IS TO READ

HIS OWN MESSAGE

WASHINGTON, April 7.—To an audience of newspapermen, President Wilson made the following statement today regarding his plan to personally read his message to Congress: "I think this method is the only dignified way for a President to address the session, instead of sending the address by a messenger and letting the clerk read it perfunctorily. It is true the precedent was discontinued long ago, but it is nevertheless a respectable precedent."

#### Summons Works in Jap Legislation

President Wilson today summoned Senator Works to discuss the status of anti-alien legislation in California. It is believed his action is a result of the Japanese protest made to Secretary of State Bryan.

#### BANK STOCK INCREASE

BUFFALO, April 5.—The Bank of Buffalo has voted to increase its stock from \$500,000 to \$1,000,000.

## EIGHTEEN DROWN ON SCHOONER "MIMI"

Four Only Were Saved After  
Bark Capsized Near Bay  
City, Oregon

### TWO CORPSES LASHED TO WHEEL OF LOST VESSEL

Sixteen of Victims Believed to  
Have Been Washed Over-  
board by Sweeping Seas

WHEELER, Ore., April 7.—Captain Reed of the steam schooner George R. Vosburg, returned today from the scene of the wreck of the German bark Mimi, which capsized near Bay City, Ore. He reported that Captain Westphal, Charles Fisher, a Portland contractor, and two sailors were rescued this morning. Eighteen were drowned on the Mimi.

Portland Confirms Report

PORTLAND, April 7.—Messages from Brighton, Ore., give eighteen as the death list aboard the German bark Mimi, which capsized Sunday morning. Two of the dead are lashed to the vessel. They are Cabin Boy Willie Kirschman, and Lew Mason of Wheeler, Oregon. The other sixteen are believed to have been washed overboard by sweeping seas. No dead bodies had as yet come ashore.

#### List of Dead

The following is a list of the known drowned:

CAPTAIN ALBERT CROWE, Portland, representative of Lloyd's Underwriters.

RUSSELL BLACKMAN, Portland. O. S. ESTES, Brighton.

JACK FITZPATRICK, Nehalem, Ore. CHARLES STRIPP, North Plains, Ore.

W. E. KOEN, Portland.

The above victims were members of the salvage corps caring for the vessel following its recent grounding. Twelve sailors, the majority of them Germans, were also drowned.

#### Wrecked in February

BAY CITY, Oregon, April 7.—The Mimi, in ballast for Valparaiso from Astoria, piled up on the reef on February 13 last. She was not seriously injured and the underwriters contracted with Charles S. Fisher of a Portland construction company, to float her. Fisher, his secretary, and seven riggers, Capt. W. E. Crowe, representative of the underwriters, Capt. Westfall of the Mimi, and eleven of his men were aboard the ship when she capsized.

The Mimi was hauled off the rocks at high tide Saturday night. It was determined to take her to deep water at once and she was at anchor off the beach when the rising wind and sea whirled her over. Life-savers fought all day to reach her without success.

## INCOME TAX LAW WILL TOUGH WILSON FOR \$2250 ANNUALLY

WASHINGTON, April 7.—A phase of the income tax fight which has been given little attention was brought to light last night by Congressional statisticians. Their figures had to do with the effect of the income tax law upon legislative salaries under the probable tax to be levied on incomes.

It was found that President Wilson when he signs the measure which he so ardently advocates will penalize himself to the extent of \$2250 annually while his act will cost Vice President Marshall \$120 annually and each member of Congress \$75.

The estimates were made under the 1 to 4 per cent graduation which is expected to become a law.

#### ENGLAND PLEASED

TO RECEIVE PAGE

TO THE EMBASSY

LONDON, April 7.—This week's Nation contains an appreciation of the appointment of Walter Page to the London embassy. It compares the new policy to Mr. Roosevelt's appointment of Dr. Hill, a scholar, to follow Charlesmen Tower, a wealthy man and a lavish entertainer, which "was an appeal from the Rococo, commercialized Berlin of today, to the city of plain living and high thinking of a generation ago."

Referring to the late ambassador Reid, the writer says: "Mr. Reid had a fondness and talent for society, much versatility and an ingratiating manner; but it was a man of unusual worth; that he was chiefly known both in America and in London."

## LIVES OF WOMEN AND CHILDREN ENDANGERED BY DRUNKEN AUTOIST

Machine Veered Into Surrey and Threw  
Five People on to Street, Severely Bruis-  
ing Them—Driver in Jail

When driving an automobile while he was intoxicated, W. E. Polson, of Garden Grove yesterday smashed into a Surrey filled with women and children. That some of the occupants of the rig were not killed is marvelous. They were thrown on to a hard street, and the horse attached to the Surrey ran a mile and a half into Santa Ana before he was caught.

Those who were in the Surrey were Mrs. Ruth Harper of El Modena and her 14-year-old son and three of Mrs. Harper's cousins, Miss Ida Caldwell of West Orange and Rebecca and Royd Joplin, little daughters of Mr. and Mrs. John B. Joplin of Santa Ana. They were driving south on North Main street a short distance north of Hargrave's corner when Mrs. Harper, who was driving, saw an automobile with two men in it coming toward them.

The machine was zig-zagging along the street, and evidently the driver had little control of it. His best efforts were being put forth to keep it in the street. The driver was Polson.

Mrs. Harper drew off to one side of the street in an attempt to give the automobile all the room it could possibly need. Approaching the Surrey, the automobile veered into it, and ripped two of the wheels off of it. In an instant the two women and three children were thrown from the vehicle on to the ground. Had any of them become tangled in the wreckage, she would have been dragged. At the crash the horse broke into a frantic run, which did not end until he was exhausted.

Polson's machine was deflected from the road by the contact with the rig, and came to a stop in the edge of George Shaffer's walnut orchard.

Mrs. Harper and Miss Caldwell picked themselves up quickly and gave

aid to the screaming children. Mrs. Harper's little son's face was covered with dirt and blood, and it was with difficulty that Mrs. Harper was able to determine how badly the little fellow was hurt. At first it was thought his nose was broken, but an examination later by a physician showed that it was not broken though frightfully mashed.

Polson and Ray Marshman, who was in the automobile with him, came back to the place where the women and children were. In the meantime H. P. Stewart, a near-by rancher, had arrived. Polson was preparing to leave the place when Stewart ordered him to remain until an officer could be reached. Polson remained, and in a few minutes Under Sheriff Law of Santa Ana had him in charge. Marshman was turned loose as he was sober and had not been driving the automobile.

Of the five occupants of the Surrey, the youngest with his smashed nose and face otherwise bruised received the most painful injuries. Rebecca Joplin had one leg gashed in three or four places. Miss Caldwell had her glasses broken and her nose cut. None of them escaped without severe bruises.

Miss Caldwell had one arm badly bruised and twisted, and Mrs. Harper is suffering from a severely bruised hip.

When Under Sheriff Law arrived at the scene of the smash-up he found about twenty people gathered, and condemnation of Polson was at fever-heat.

Today a complaint was prepared by Deputy District Attorney Koepsel charging Polson with operating an automobile upon a public highway while he was in an intoxicated condition.

## RAW MUSHROOMS MIXED WITH TOADSTOOLS GAVE ANTONE AN AWFUL SICKLY FEELING

With his stomach filled up with raw toadstools and mushrooms, Antone Bonifolia, native of France, came near his death sickness yesterday. He was dreadfully ill. Sea-sickness in its worst stages could not hold a candle to what Antone suffered.

Antone has no home. He showed up at San Juan Capistrano a day or two ago and begged something to eat. He then wandered up the San Juan canyon. Charmed with the scenery, his fancy took him back to sunny France, where in his younger days mushrooms were considered a great delicacy. And why not enjoy some of those delicacies, for here and there, raising their heads above the grassy slopes, Antone found the tops of what he took to be mushrooms. He gathered them. He could not wait to have them cooked, so he ate them raw. How many? Well, it would cost a goodly sum to get them fresh like that in a cafe in gay Paris, cooked or uncooked.

The trouble with Antone was that his education had been sadly neglected. He could not tell the difference between a mushroom and a toadstool, and he ate a good many of both. He filled his pockets with what he could not eat. He intended to live high for several days to come.

Along in the middle of the afternoon Antone was found beside the road. He was the sickest man in the south end of the county. He was all but dead. At least he felt that way, and his rescuers were of the same opinion.

Antone was taken to San Juan Capistrano, and a telephone message soon had County Physician Wehrly on the way. The physician found the man to be suffering from toadstool poisoning, and gave him the remedies.

Antone objected to parting with the precious mushrooms in his pockets. Thankful for the physician's services, and having no money with which to pay him, Antone offered him the mushrooms.

"Maka da fine bouillon," said Antone.

But the physician's appetite for mushrooms was not very strong just then and he mistrusted Antone's sincerity in separating mushrooms from toadstools. So the gift was kindly but firmly declined.

Antone was brought to the County Hospital and put in charge of Superintendent McMurdo.

#### JOHN JOHNSON MAY BE

WHITE MAN'S HOPE

SEATTLE, April 7.—John Johnson, a blonde giant from Norway, is being trained here by John Berg to be a heavyweight wrestler. Berg says Johnson will be a world's champion. Johnson recently broke into the news papers by chucking a stove through the wall of a saloon during a brawl and then took three policemen, one at a time, and fired them through the hole, after which he tossed a 400-pound sack through the front door. It took thirteen Spokane cops to subdue him. He is 6 feet 5 inches tall, weighing 230 pounds.

## Contributions to Fund Reach Sum of \$2,227

Today J. C. Metzgar, secretary of the Chamber of Commerce is concerned. If others wish to contribute they may do so by sending their money directly to the National Red Cross headquarters at Washington, D. C.

The response here was generous. Few places can make a better showing than Santa Ana and Orange county when liberality is put to a test in a case of this kind.

The books are now closed so far as

Contributions not previously listed in the newspapers are:

Roosevelt school, \$5.58; Fred Rohrs, \$5; H. C. Clothier, \$1; a friend, \$2.50; Mrs. Hiram Rogers, \$1; Mrs. M. L. Coleman, \$5; E. M. Crellin, \$5; Abstract & Title Guaranty Co., \$25; C. B. #### MICHIGAN VOTING TODAY

ON WOMAN SUFFRAGE

DETROIT, April 7.—Cloudy and threatening weather marred the election held today in Michigan, the state for the second time within six months voting on woman suffrage. The suffragists are confident. It is expected 450,000 votes will be cast.

Amendments providing for the initiative and referendum and the recall, except for judges, are being submitted to the voters.

## TARIFF BILL GOES TO HOUSE

Congress Sees Cuts Wide and  
Deep Made by Pruning Knife  
of President Wilson

### FREE WOOL PROVIDED FOR; SCHEDULE K IS RIDDLED

Underwood Predicts Bill Will  
Greatly Lower the High  
Cost of Living

WASHINGTON, April 7.—The new tariff bill proposes to reduce

lemons from the present rate of a cent and a half a pound to 18 cents for any package under one and a quarter cubic feet; thirty-five cents per package up to two and one-half cubic feet; seventy cents up to five cubic feet, or exceeding five cubic feet in bulk, one-half cent per pound. The present rate is one cent for oranges, grapefruit and limes, the rate is proposed to be the same as for lemons.

Olive were cut from twenty-five to fifteen cents per gallon; olive oil in less than five gallon lots from fifty to thirty cents per gallon; over five gallons from forty to twenty per cent ad valorem.

WASHINGTON, April 7.—Marked by radical, sweeping reductions, the administration's tariff bill, fully approved by President Wilson, was introduced in the House today. In introducing the bill the framers said the time had arrived when American manufacturers must develop business along the most economical lines to meet honest competition.

Representative Underwood predicts that the bill will lower the cost of living materially. It provides for free raw wool, and riddles Schedule K. The duty on all yarns is reduced to twenty per cent; blankets to twenty-five, dress goods from 37 to 25 per cent, and other clothing will be reduced to 20 per cent.

The bill cuts the sugar tariff, providing for free sugar in three years. The duty on standard sugar is eliminated. The duty of ninety-five one-hundredths of a cent per pound on sugar testing by the polariscope not over 75 degrees was reduced to seventy one-hundredths of a cent. Each additional degree testing by polariscope is reduced from thirty-five to twenty-six one-hundredths of a cent per pound additional.

The bill places on the free list or reduces to minimum duties, all the necessities of life, and practically abolishes all specific and compound rates of the Payne law, substituting the ad valorem rate.

A sweeping cut is made in agricultural products: Hay, from 43 per cent to 26 per cent; livestock, from 13 to 6; barley, 43 to 23. It is impossible to estimate the cotton reduction because of the classification, but thread is greatly reduced, with cotton cloth going down from 47.24 to 26.69; ready-made cotton clothing, from 50 to 30; collars and cuffs, 64 to 25; stockings, 75 to 50; underwear, 60 to 25. The majority of sundry other items are reduced, and the chemical schedule is generally reduced. Pig iron is lowered from 18 to 8 per cent; beams, 23 to 12; forgings, 29 to 15.

Brick is reduced from 30 and a fraction per cent to 10 and a fraction per cent; windowglass, 46 to 28; asphalt, 37 to 9; sawed boards are free except cabinet woods which are cut from 12 to 10 per cent; furniture, 35 to 15; tobacco and spirits are unchanged; figs and raisins reduced from 2 1/2 per cent to 2 cents per pound; figs is free and coal is also free.

Income tax proposals: On incomes of from \$400 to \$29,000, one per cent; \$29,000 to \$50,000, two per cent; \$50,000 to \$100,000, four per cent; exceeding \$100,000, four per cent.

Print paper is on the free list when it is worth less than two and a half cents a pound. The higher grades are reduced from 15.8 to 12 per cent. Practically all foodstuffs are free.

#### WILSON CONSIDERING REVOLU-

TIONARY TARIFF SECTION

Eight Democratic members of the Senate finance committee urged the President to ask the House leaders to divide the tariff bill so it may be considered schedule by schedule to expedite the work. President Wilson is considering the revolutionary proposal made to substitute for the maximum and minimum tariff law section in the Underwood bill, a section empowering both houses by a majority vote to ratify reciprocity or trade agreements with foreign nations. This would abolish the senatorial privilege to ratify such treaties by a two-thirds vote.

## IN THE JUSTICE COURT

## CARD GAME WAS INTERRUPTED RUDELY

Officers Land Upon Romero's House and Seven Men Are Landed in Jail

## DISAGREEMENT BY GAMBLERS BLOODY

Los Alamitos Cutting Scrapes Puts One Vicente Martinez In the Hospital

The sheriff's office has had a touch of Mexican problem the last two days. Like rheumatism, the Mexican problem keeps coming back into reality. Gambling was the principal factor in the latest disturbances.

About every so often Yorba needs to be descended upon, that the many good people of that section may have peace and quiet free from unceremonious

midnight yells. Constable Bushman telephoned the sheriff's office Saturday that it was about time for another object lesson at Yorba. Under Sheriff Law, Deputy Sheriff Stacy and Constable Schumacher joined the Yorba constable and proceeded to the home of Dominga Romero, which seems to have been the hub of a wheel of disorderly happenings.

The officers put an end to a game of Mexican monte that was in progress, and took into possession money, cards and chips and seven Mexicans, by name Domingo Romero, D. Andrade, G. Orozco, B. Gonzales, H. Magee, M. Celeja and R. Castro. Orozco had a revolver on him and Gonzales a big lock dagger. It is thought that a little dose of the law will straighten things out at Yorba or a while.

**Also Gambling**  
A gambling game at Los Alamitos was played out to the end, and the end was a slashing. Felix Gonzales, a Mexican gambler, had won some money from Vicente Martinez. Martinez demurred about making payment. That put Gonzales into a temper. In fact, he seemed to be quite peeved. He took out his knife and stabbed Martinez a couple of times. He inflicted a slash an inch and a half long on the side of Martinez's head and another three inches long in his right breast. By the time Under Sheriff Law and Deputy Combs could arrive at Los Alamitos, Gonzales was gone. City Marshal Vincent of Huntington almost caught the man at Huntington Beach, but Gonzales made his get-away, in his haste leaving behind him half a cup of coffee and a tortilla.

**Taken to Jail**  
"Gyp" Brundum, who lives here, was taken from the Santa Ana hospital last night to the county jail, having become unmanageable at the hospital. At the jail yesterday he beat on his cell door in an effort to get out.

**Case Set for Trial**  
This morning the trial of Marshall and Mrs. Knibbs of San Juan Capistrano on a misdemeanor charge was set for April 17. Clyde Bishop is attorney for the accused.

**Wobbly Rider**  
Pedro Villalobos was dodging both sides of North Main street while riding a bicycle yesterday, and Constable Jackson took him in. Villalobos was intoxicated.

## AT THE COURTHOUSE

## NO TRIAL TILL NEXT AUGUST

Stipulation Entered Into by Attorneys In the Taylor Maintenance Suit

The suit for \$2500 a month maintenance brought by Mrs. Minnie Taylor against her millionaire husband, Charles D. Taylor, will not be tried before next August, if then. A stipulation was filed with the county clerk today by attorneys that will prevent the setting of the trial before that time.

Attorneys Trippett, Chapman and Blby and Williams & Ruten for Mrs. Taylor and Attorneys O'Melveny, Stevens & Milliken for the Joy interests have signed the stipulation. Each side agrees to give the other side 60 days' notice before attempting to get the case set for trial, no action to be taken in any event before Aug. 1. Taylor's attorneys do not sign the stipulation. Russell T. Joy and his daughter are concerned in the action as defendants by reason of the fact that Taylor deeded his property to Joy, and the complaint alleges that the transfer was made for the purpose of defrauding Mrs. Taylor of recourse against her husband, whom she says deserted her in Germany with but forty cents in her purse.

**Insanity Case**  
John Torie of Anaheim, was today committed to the insane asylum at Patton.

**Booze Slaves**  
P. F. Smith of Anaheim, has been charged with being an habitual drunkard. He will have a hearing tomorrow.

J. D. Miller of Westminster, was unable to keep his parole after a hearing on a charge of being intoxicated. He has been turned over to the authorities. His hearing is Wednesday.

Harry Emerson of Anaheim, was committed to the asylum at Patton for two years because he has lost control of his appetite for drink.

The court dealt with more cases of this character today than it has in weeks past.

**Asks for Letters**  
Mrs. Maria Strelna has applied for letters of administration on the estate of her husband, A. E. Strelna, an Anaheim contractor who died on April 1. The estate is valued at \$5000. Melrose & Ames are attorneys for the petitioner.

**Marriage Licenses**  
Clarence R. Waite, 34, and Bessie V. Anderson, 26, both of Santa Ana.

## ROOSEVELT WINS AGAIN ON THE ATHLETIC FIELD

Friday evening at Lincoln Park, the Jefferson track team went down to defeat at the hands of the Roosevelt team by the score of 42 to 26. Paul Plavan was the star of the meet, securing five first places. In the mile run Jefferson took first, second and third places, Roosevelt entering but one man. In the broad jump, Roosevelt did remarkably well, Paul Plavan jumping 18 feet, 5 inches. This jump without a doubt should get at least second place in the Triangle League meet to be held May 10.

Roosevelt is trying to get a meet with Huntington Beach April 26. If this can be done a large crowd of students will go over with the track team. The results of the meet were: 50-yard dash—Plavan (R), first; Trago (R), second; Osborne (J), third. Time, 6 seconds.

Broad jump—Plavan (R), first; Trago (R), second; Warman (J), third. Distance, 18 feet, 5 inches.

220-yard dash—Plavan (R), first; Osborne (J), second; Carnahan (R), third. Time, 26 seconds.

High jump—Plavan (R), first; Warman (J), second; Frye (J), third. Height, 4 feet, 1 inch.

Mile run—Todd (J), first; Purce (J), second; Frye (J) third. Time, 5 minutes, 53 seconds.

Shot put—Plavan (R), first; Petts (J), second; Frye (J), third. Distance, 39 feet, 6 inches.

100-yard dash—Trago (R), first; Osborne (J), second; Warman (J), third. Time, 11 2/5 seconds.

Relay won by Roosevelt—Trago, Vanderlip, Carnahan and Plavan.

## NOTICE INVITING BIDS

Santa Ana, Cal., April 2, 1913.  
In pursuance of a resolution of the Board of Supervisors of the County of Orange, Cal., adopted April 2, 1913, directing this Notice, notice is hereby given that the said Board will receive at its offices at the Court House at Santa Ana, or at or before the hour of 11 o'clock a. m. of April 15th, 1913, sealed bids or proposals for constructing a combination Highway Bridge 280.9 feet long across the Santa Ana River, three miles easterly from Huntington Beach.

Bids must be made on the form provided for the purpose, addressed to the Board of Supervisors, Orange County, Cal., and marked "Bid for Myers Road Bridge."

The bid must further conform to the requirements of the "Instructions to Bidders" on file in said office.

The said work must be done in strict conformity with plans and specifications therefor, which said plans and specifications were adopted by the Board of Supervisors of said County on April 2, 1913, and are on file in the office of said Board.

Reference is hereby made to the said plans and specifications for full particulars and descriptions of the said work. Copies will be furnished intending bidders upon application to the County Supervisor of said County.

Each bidder must submit with his proposal a satisfactory bond or check certified by a responsible bank and payable to the order of the County of Orange, for an amount not less than 10 per cent of the aggregate sum of the bid, as a guarantee that the bidder will enter into the proposed contract if the same is awarded to him.

The amount of the bond to be given to secure a faithful performance of the contract for the said work shall be 25 per cent of the contract price thereof, and an additional bond in an amount equal to 50 per cent of the contract price for the said work shall be given to secure the payment of claims for any material or supplies furnished for the performance of the work contracted to be done by the Contractor or any work or labor of any kind done thereon.

The Board of Supervisors reserves the right to reject any and all bids.

By order of the Board of Supervisors of the County of Orange, State of California.

W. B. WILLIAMS, County Clerk.

## SUGAR BEETS HELP VALLEY

The Industry is Doing Much for  
the Development of the San  
Luis Rey Country

Means Utilization of Water  
Now Sinking to Waste in  
Sands Near the Ocean

The San Luis Rey valley is feeling the beneficent influence of the Santa Ana sugar factories. There, as in parts of Orange county, transformation is being worked by the sugar beet industry. The Oceanside Blade says that the two wells being bored by Pay Lanpher on the Johnson tract at San Luis Rey for the South Coast Land Co. have been completed and pump 100 inches, affording water for the irrigation of a large acreage of beets. In order to rush the well boring work the company is to secure another rig. With the two at work wells are to be put down on the Divine tract, on the Gibson place, the Coutts ranch and on the Joseph Jones place now being farmed to beets by Simon Abilez. The latter has cleared about twenty acres of new land which will be planted in corn this year and beets next season. A large acreage cleared last year is this year in beets.

The cultivation of sugar beets in the San Luis Rey locality means among other benefits the bringing of a lot of new land under cultivation and the development of hundreds of inches of water now wasting in the lower valley sands. With the present activity and the supplying of power for pumping by the extension of the electric line to the valley more land will be put under irrigation in a year than in all the history of the valley.

## MOTORCYCLE RUN TO THE COUNTY PARK PROVED BIG SUCCESS

Sixty-three motorcycles carried their riders to the County Park yesterday to a picnic given by motorcycle dealers.

Under the large trees of the park with their fresh green leaves, we sat down to long tables and were served with the following good things for lunch: "Hot-dogs," ham sandwiches, olives, pickles, cake, pie, coffee, and ice cream. There was plenty of everything and everyone had all he wanted.

It has been a long time since a crowd of young men got together and had such an all round good time.

## Cough, Cold Sore Throat

Sloan's Liniment gives quick relief for cough, cold, hoarseness, sore throat, croup, asthma, hay fever and bronchitis.

HERE'S PROOF.

## MEMORIAL OF THE TITANIC TRAGEDY

Women Widowed by Disaster  
Will Scatter Flowers Over  
Sea at Scene of Tragedy

NEW YORK, April 7.—Mrs. Jacques Futrelle, Mrs. Harry B. Harris and Mrs. George Thorne—all widowed by the Titanic disaster—will pay a wonderful tribute to the memories of their husbands on the anniversary of the sinking of the huge liner.

The three, accompanied by as many other women similarly bereft as find it possible to go, will sail from Boston for Europe early on the morning of April 13, and according to plans now under way will be on the scene of the disaster about a quarter past two on the morning of April 15—the time and date of the calamity.

Baskets of flowers, wreaths and armfuls of cut blossoms will be tossed to the night and upon the water where the most fearful chapter in the lives of these women was written.

A short memorial service conducted by the liner's chaplain will be held just prior to the flower rites, and as the liner leaves the fated spot behind, the women will sing the memorable Titanic dirge—"Nearer, My God, to Thee."

The idea was conceived by Mrs. Harris and Mrs. Futrelle. Mrs. Futrelle until a few weeks ago has been making monthly pilgrimages to the seashore, and on the 15th of each month has cast scarlet flowers into the waters.

FLOODS WILL LOWER

GREAT LAKES, SAYS

FRENCH SAVANT

PARIS, April 7.—The constant occurrence of floods through Ohio and Indiana will in time, five hundred years to be exact, drain Lake Michigan dry, according to the observations of Camille Flammarion, the astronomer, announced here.

M. Flammarion declares that there is a direct connection between the great floods in the middle west and the gradual lowering of the levels of the Great Lakes. He believes that the floods are caused by the rapid changes in temperature, which cause the cyclones and torrential downpours.

PAVING TO COST MILLION

## STOMACH STARVERS EAT ANYTHING NOW

No Indigestion or Upset Stomach for "Pape's Diapiesin" Users

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapiesin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors. Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.

## TEMPERATURES IN- DIGATE RAIN ALL OVER THE COUNTRY

WASHINGTON, April 7.—The pressure distribution over the northern hemisphere is such as to indicate temperatures near or slightly below the seasonal average in northern and eastern states, and near or above the normal in the Gulf states, the middle west and far western districts.

The precipitation during the week will be generally below normal except in the northwest, where rains will be frequent.

A disturbance that now covers the Rocky mountain region will drift slowly eastward, preceded by a general rise in temperature, attended by local rains and followed by cooler weather and cross the great central valleys Tuesday or Wednesday, and the eastern states about Thursday.

Another disturbance will appear in the far west Tuesday or Wednesday, travel eastward, attended by local areas of precipitation and cross the middle west about Friday and the eastern states at the close of the week.

## SURELY BANISHES CATARRH

Where there's catarrh there's thousands of catarrh germs. You can't get rid of catarrh unless you kill these germs.

You can't kill them with stomach medicine or sprays because they can't get where germs are.

You can kill these germs with Booth's HYOMEI, a penetrating, antiseptic, balsamic air that you breathe a few times a day directly over the raw, sore, germ infested membrane. It does not contain morphine or any habit forming drug.

For catarrh, croup, coughs, and colds, HYOMEI is sold on money back plan by Rowley Drug Co. Complete outfit, \$1.00. Extra bottles of Booth's HYOMEI if afterwards needed, only 50 cents. Just breathe it—no stomach dosing.

# Studebaker

## 88,000 Automobiles HAVE HELPED PRODUCE THESE CARS

It is because we have built 88,000 automobiles that the announcement of the new Studebaker cars has been so overwhelming.

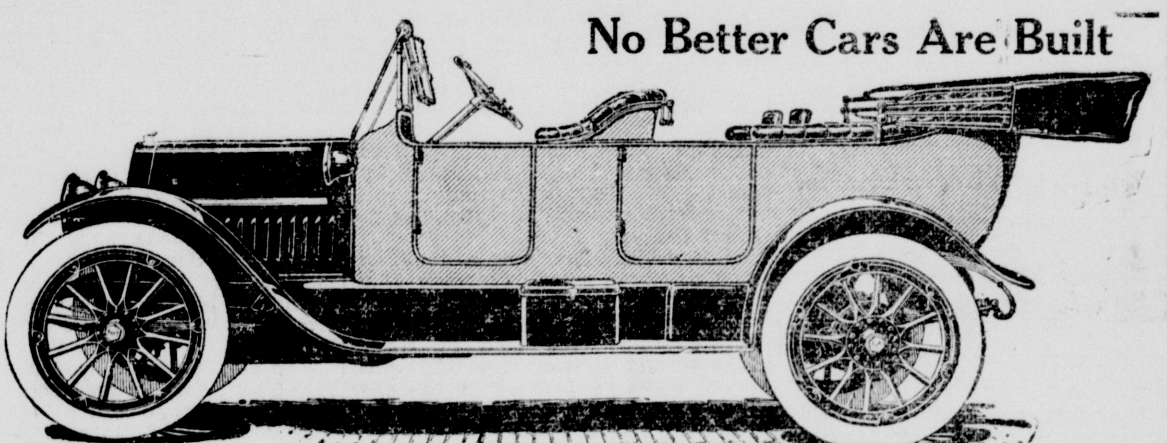

Not engineering skill alone, nor ample resources, nor the greatest factories in the industry—but all these together and the wisdom gained by manufacturing 88,000 service-giving cars have produced these extraordinary automobiles.

Think of such a heritage and ask yourself who can doubt that the perfection of 88,000 Studebaker cars is an unequalled automobile.

To describe the epic story of Studebaker automobiles is to look from a pinnacle over 60 years of American history. It is to return to the days of Lincoln and from that height watch developing the Studebaker genius and business honor which have finally culminated in these grand cars.

Look over the cars illustrated below and remember that while their equipment and outward appearance is, we believe, unsurpassed, beneath the surface everything else is just as good.

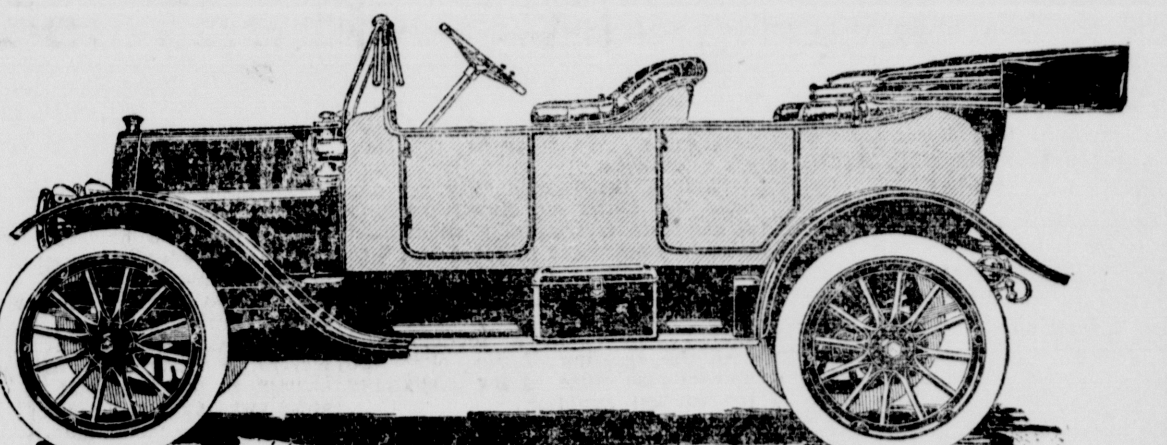

Equal values have never been produced before. But this is not surprising because years of success and improvement have been required to make these cars possible.

## EFFICIENCY BUREAUS

Upholding the value of bureaus of efficiency as a means of intelligent study of the problem of municipal government, Myrtle Cerf, auditor of the Wisconsin State Board of Public Affairs, incidentally gives some sound advice, in the National Municipal Review, to cities proposing to establish such bureaus. Says Mr. Cerf:

"All cities contemplating the establishment of bureaus of efficiency should have in mind two important considerations. First, efficiency means economy, but not necessarily through lessening of cost. Second, the present condition in our cities is the result of years of unregulated growth; it cannot be corrected in a day. Full recognition must be given to this fact, and if sound lasting reform of business and accounting methods is desired, the bureau must not be called upon to show results before reasonable time has elapsed.

"Then, if the work is being done as suggested, through co-operation with the various departments it will be the departments which will make the showing and receive the credit, and not the bureau. To be successful, the work must be sympathetic rather than antagonistic."

## WHY NOT IN CALIFORNIA?

There were three cars, one of them laden with a camping outfit remarkably ingenious and complete. In the others were the host, his family, and several friends. They were people of wealth, for only such can travel with a flock of five thousand dollar cars and three chauffeurs, and, what was much more interesting, they were admirably sensible. They were homeward bound from a month in the woods and by-roads of Maine, away from the beaten routes of the motoring guide-books.

"Delighted to tell you all about it," affably cried the gentleman in command. "We are never in a hurry. That is half the charm of it. None of the miserable scurrying about as if the devil were at your heels. Fifty miles a day is our limit. I use the maps of the Geological Survey. They make camping by motor easy and delightful. Every road, lane, pond, hill, brook, and farm house is indicated. And there is nothing pleasanter than jogging over the grass-grown dirt roads of the back country that have not been spoiled by heavy travel. My dear sir, with these maps one can pass a whole summer in undiscovered New England regions. The average motorist is afraid to leave the main highways. He is as blind as a bat.

"I plan the day's journey by means of the map. If the destination is not attractive for camping, we can easily move on a few miles. My winter pastime is devising new wrinkles of camp equipment to carry in an automobile. Our tents are pitched by a lake, and Maine is fairly jeweled with them, or in a bit of woodland, and we have yet to find the slightest hardship or discomfort. Living expenses are absurdly small. The farmers sell us milk and fresh stuff. We live like kings. If you want to know the genuine joy of motoring, try it. I preach the gospel of camping by motor at the top of my voice. The country needs it. Get a friend to join you with his car next summer. Use one of them to carry your duffle. Buy some maps and take to the woods."—Ralph D. Paine in "Settlers" for February.

By the way, there are some 2200 of these maps covering nearly 40 per cent of the United States. They are published by the Geological Survey at Washington, D. C.

## UNUSUAL INTEREST IN THE EXTRA SESSION OF CONGRESS

Elements in the extra session of congress are unusual. President Wilson has called the great body together at a time when his party has absolute control of every branch of the government relating to legislation.

This has not been the case before in twenty years. During that period of long ago when the Democrats were in power President Cleveland called an extra session, but the conditions were vastly different from now.

The extra session under President Wilson is remarkable because the lawmakers to a large extent are men of comparatively recent rise to prominence. Because of the fact that the Democratic party is providing a chance from Republican rule for the first time in sixteen years great interest is centered upon the doings of congress.

Virtually a new generation of legislators has sprung up. With but a very few exceptions there are no men who figured in congressional doings of twenty years ago who are sharing the responsibilities of the body now.

Of only one thing has the public been absolutely certain, and that is that the tariff would be first and foremost among the subjects for work by the legislators, and that revision downward would be the purpose. The legislators

themselves have not known just how the revision is to be managed, and it has been well understood that they would not all be pleased over all the details of the ultimate changes. The subject has been thrashed over so often and earnestly that its intricacies have become feared.

The ways and means committee, which has had the task of drafting the tentative form of the new tariff measure, has been unable to announce completion of its work in advance of the extra session, but the probability is that the measure will be taken up schedule by schedule.

The public has been led to expect that after the tariff is disposed of congress will consider currency, the income tax, Philippine independence and the Panama tolls questions.

Much publicity has been given to the proposed national income tax. The tax will probably apply only to incomes of over \$5,000 annually. Certain members of congress hold that this sort of levy would be confined to but a comparatively small proportion of the public and that the revenue would not be sufficient. They argue that an inheritance tax should be added to insure the need of revenue.

## JOHNSON AND CHURCHILL FOR THE NATIONAL TICKET

SAN FRANCISCO, April 7.—The Progressive dinner to be held in this city next Saturday evening may possibly put an important figure in national politics, should the suggestion of Johnson and Churchill as the national ticket in 1916 gain any important impetus.

In some aspects, geographically and otherwise, the linking of California and New Hampshire is attractive for national ticket building. High fame in literature is a first-class political asset, particularly when coupled with an admirable record as a real, live political fighter.

A noted governor and a noted author, and both noted Progressives, afford a combination that is worth reckoning with, and possibly those who have advanced the idea of Hiram Johnson and Winston Churchill as national standard bearers in the next campaign have done far more than make an idle suggestion.

Saturday evening's dinner will be in honor of Churchill, and Governor Johnson will preside as active host. Both will speak, and as the program will be confined to their addresses there will be no curtailment of their time in which to discuss the issues of the day.

The dinner will be in the nature of

a rally of Progressives, both men and women, of all Northern California. There will be many present from the interior, applications for seats having already come in from as far as Siskiyou county.

The committee in charge is aiming to make sure of provision for all who may come from the interior counties and is urgently asking that reservations be made at once by letter to Progressive headquarters, 331 Monadnock building, San Francisco. Checks made out to Leo S. Robinson, treasurer, at one dollar and a half per plate, should accompany the applications. The tickets will be mailed immediately or will be held in the San Francisco headquarters until the arrival of purchasers in the city, as may be desired.

The dinner will be held in Scottish Rite Social Hall, Sutter street and Van Ness avenue, and will be strictly informal. It will begin at 6:30 o'clock. There will be places for 1999 diners and it promises to be one of the greatest political dinners ever held in California.

Geo. E. Crothers is chairman of the committee, composed of leading men and women Progressives of San Francisco, which has the arrangements in charge.

## Sporting Briefs of the Week

[By Hal Sheridan]

NEW YORK, April 7.—Quite a phenomenon is in the act of taking place in the midst of the national pastime. A tail-end ball club—that is a tail-end club from the year before—is returning from a training trip with more general interest attracted its way than the two pennant winners carry. We refer to the New York Yankees.

Through the individuality of one man—the newly appointed manager—this team is attracting widespread interest from coast to coast and vice versa as well as up and down the map. Probably a big part of this interest lies in Frank Chance, the manager, but as Chance's fortune rests with the showing of his club the players also come in for a share of the earnest lamping.

Needless to say nine fanatics out of every nine are pulling for Chance to make good. One of the reasons is Frank Chance. The other is Charles Webb Murphy.

Where then, inquires the average reader, will the Yankees finish? Almost certainly out of last place. Probably not any higher up than sixth. Chance has some good material to start with but two breaks of fortune are against him. One lies in the fact that his team is composed in good part of brittle talent—that is, talent easily wounded or hurt. This failing has stopped other teams in the past—notably the Cleveland Americans and the Phillies. The Yanks have too many people enrolled liable to injury and unless they can get over this shortcoming, as great a leader as Chance is, the odds will be against him. The other break of fortune comes from the dope that he must

play his first 30 games against Boston, Philadelphia and Washington—the three strongest teams of his circuit. A good start means much to a team working from the rut, but there's no great chance for a flying start against three clubs hot-foot after the pennant and keyed up to the top stride in speed.

Ritchie and McCarty  
The main job now ahead in the fistie parade seems to be the act of getting the title holders back into the ring. It doesn't appear that much urging should be needed to entice the average pug into an hour's work for which he would receive from \$10,000 to \$15,000. Yet here we have Messrs. McCarty and Ritchie, two champions or championship claimants, twisting and ducking sideways every time someone mentions a battle.

There are any number of fights under way but the two battles in whom the public is showing more interest and about whom there is more doubt as to the amount of stuff carried, are the only two who refuse to be drawn into any sort of melee.

McCarty might defend his title against the field, although many believe that Gunboat Smith or Jess Willard would have an even chance of upsetting him. But there's at least considerable doubt that Willie Ritchie will Joe Rivers, or even any one of the three or four best of the lads anxious for a crack at his crown.

Bill Bernhard, the veteran pitcher, used to say that a ball player was worth as much in salary as he could get. On this theory most of the Chicago Cubs would be drawing 37 cents a month.

## Our Washington Letter

WASHINGTON, April 7.—If the rural mail routes of the United States total 1,100,000 miles in length, how many wheelbarrow patrolmen will it take to keep these roads in good condition? That is the problem which Jonathan Bourne, Jr., recently senator from Oregon, has undertaken to solve this summer, and without charging Uncle Sam for his services.

Bourne was made chairman of the joint roads committee of Congress. His salary as senator was cut off March 4.

He has learned from French engineers that wheelbarrow patrolmen are the secret of economy in the upkeep of rural highways. A shovel and a barrow are all the equipment necessary. Senator Bourne has written to all of the 42,000 rural mail carriers in the United States for a detailed report as to the length and character of the road they cover. From state engineers he is securing data on the cost of construction and of maintenance. When Congress meets next December the joint committee will be ready to report a complete plan of highway

construction and repair.

Political regimes may come and go; hesitate and repeat, but there's one man who isn't affected by change in political fortunes.

He is "Eddie," the colored door-keeper outside the secretary of state's office. "Eddie" is a little, round shouldered man, with a minding gait; a high tenor voice, and a pair of eyeglasses, which he wears with a look of infinite wisdom. He knows all the diplomats and attaches and never makes a mistake in his announcing. Also he knows politicians of today, yesterday and the day before.

He has his own desk, where he sits enthroned behind the daily pass all day long—unless a southern "before" politician wanders in. Then "Eddie" is immediately most respectfully attentive. The other day a big gentleman with big mustaches sauntered in.

"Good mornin' sah!" Good mornin', "Eddie" said with the utmost cordiality.

The stranger nodded genially.

Secretary of War Garrison, whose course has been a most active one since he took over his job March 4, has organized a little cabinet of his own that meets weekly, with himself at the head of the "cabinet table."

The secretary, frankly admitting that being a good judge didn't necessarily include a military knowledge, has organized weekly meetings, which the bureau chiefs attend, and where they confidentially discuss the best methods of obtaining results, in the department.

Following each meeting, the secretary prepares a comprehensive review of what policies have been determined and makes it public.

## Coughs and Consumption

Coughs and colds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when you have a cold or cough is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown, of Muskegon, Mich., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty-three years as the best remedy for coughs and colds, Price 50c and \$1.00. Recommended by all druggists.—Advertisement.

## THE WHITE MAN AND "THE BOOK"

(By L. H. Koepsel.)

(The writer employed a Buddhist priest to teach him the native language in order that he might learn the actual teaching of Buddhism. The priest became a convert.)

CHAPTER I.

In the shadow of a grove of magnificent tropical trees sat an aged man. His years of great activity and usefulness were almost past. He was teaching a few chosen disciples the "Way of Life." Looking at the setting sun, he realized that not only was the evening of his life far spent, but that at the most a few more days and his earth-night would begin. The younger men were drinking in the words of matured wisdom. They were seeking to be "Wise men of the east." No more favored spot could be found than this secluded nook in Ceylon's Isle. It was the seat of the most representative school of pure Buddhism. Ananda had sat here imparting the principles of Gautama to the more earnest and faithful of Buddhist priests. What the Apostle Paul was to Christianity, Ananda was to Buddhism. The residence of the patriarchal priest was near-by. At sunset his disciples carried him to his couch. With blessings pronounced upon them they sought their places of repose for the night, and then in the morning wended their ways to the seashore to take ship to their native lands. Some were from the far-off nations of China and Japan. Others came from Tibet or the islands scorched by the tropical sun. Still others came from Siam and the many provinces of India. These true disciples having been fully enlightened were now returning to give that knowledge to their fellow men. Some of the number came from Burma. They were young and vigorous. Their enthusiasm for the culture of "the wisdom of the east" was with circumference.

In search of a Burmese teacher, possessing a masterful attainment, I was fortunate in engaging one of the brightest pongsils in the province. Myang also possessed the most admirable characteristics of the priesthood. He was somewhat of a humorist and enjoyed argumentation as though he were a Greek. When the first lesson was ended, this dignified sage, for so he proved himself to be, informed me that the Buddhist priesthood is more than anxious to get acquainted with white religionists, for said he: "We do not have the fullest interpretation of our laws. We have a tradition among us that a white man will come and bring a book with him which will enable us to fully apprehend the truth. To this end I shall teach you our language and per chance you may have the book and will give us the greatest enlightenment."

As I sat alone now, reviewing the lesson, I did not find a great interest in the alphabet so full of nasal and guttural sounds. My mind was constantly reverting to what Myang had said about the tradition of the "white man and the book." In order to arrive at the fullest understanding of Buddhist principles and at the same time sowing seeds of Gospel truth, I ventured upon dangerous ground in proposing to Myang to set forth the life of Jesus and His teaching if he would do the same in reference to Siddhartha Gautama. We further agreed that if I were convinced of the superiority of Buddhism I was to become a ponghi, or if he were persuaded of the excellence of Christianity, he was to become a preacher of the teaching of Jesus of Nazareth.

Myang accepted the proposition with alacrity. He was confident of his position. He had met other "Christians" and put them to rout. He proved to them that they were followers of mere traditions. If I had nothing more than human creed he could silence me also, but if I were following the "Book of Tradition," he desired to know the whole truth. (To Be Continued.)

## I Cure PILES

Fistula and All Rectal Diseases WITHOUT AN OPERATION

I Guarantee to Cure Every Case I Accept for Treatment.

For twenty-five years I have been curing diseases of the rectum and lower bowel. During that time my experience as hospital and railroad surgeon, as college lecturer and professor, has enabled me to develop a method that is superior to all others. I cure without surgery and my patients are never confined in bed and never lose a moment's time from their business.

With my method I absorb pile tumors by medication, applied (or driven in) by a mild electric current. The piles are absorbed in a few treatments, leaving the rectum in a healthy, normal condition. There is no danger, no bad after effects and no pain or soreness.

My method is not a "home cure" or a "correspondence treatment," but it is an application of skilled treatment administered by me in my office.

If you are a sufferer from rectal trouble, I invite you to investigate my method thoroughly by talking or writing to any of my cured patients. I will call at my office I will be pleased to give you the names and addresses of many well-known Los Angeles people I have cured, whom you may interview in regard to my treatment.

I TREAT NO DISEASES EXCEPT THOSE OF THE RECTUM AND BOWELS  
WELL KNOWN DENTIST CURED  
For twenty years I suffered with a severe rectal trouble which was caused by being almost constantly on my feet. The pain from this affliction has at times incapacitated me from professional duties. Dr. C. H. White, with his dissolvent method, has entirely cured me and I am as well as I ever was in my life. I desire to say to all sufferers that Dr. White is a skillful physician and is doing grand good work for humanity in the curing of diseases of the lower bowel.

PROMINENT SANTA MONICA MINISTER CURED  
This is to certify that Dr. C. H. White has cured me of a distressing hemorrhoidal ailment of 25 years duration. His method of treatment is effective but not severe. He has the appliances—the knowledge and skill born of many years of specializing in this fruitful source of physical distress. He accomplishes all he claims in his advertising and at reasonable expense. I take pleasure in heartily commending the man and his methods.

## COUNTY CLUB FEDERATION

Delegates From Four Orange County Clubs Joined In All-Day Meet at Anaheim

The semi-annual meeting of the Orange County Federation of Women's Clubs held in I. O. O. F. hall, Anaheim, last Saturday was pronounced an unqualified success by the delegates and visitors. The all-day meeting was valuable in more than one respect, not only further solidifying the organization so recently consummated, but revealing the growing interest in the women of Orange county are taking in studying club work.

At least 150 women were present from over the county and they were delighted to meet and hear two prominent club women, Mrs. Ella S. Westland of Upland who is being urged by her friends for the presidency of the State Federation of Women's Clubs, and Mrs. William Baurhyte of Los Angeles, both of whom gave interesting addresses.

The forenoon meeting was devoted to general business and a session of the executive committee. Fourteen clubs out of the seventeen study clubs of Orange county were represented and joined in electing Mrs. Carrie Ford of Fullerton as recording secretary of the county federation.

At noon the 150 women met in a social way, a basket luncheon with coffee and tea, the latter provided by the Anaheim club women being enjoyed in the dining room of the building. Lovely roses were used in decoration of the tables which were invitingly spread with delicious eatables. The Anaheim clubwomen had taken great pains not only in the decorations and appointment of the tables and the dining room but in beautifying the auditorium where masses of delicate floral wreath made the room spring like in appearance.

Reports from officers of the federation were heard at the afternoon session and the threads of various pieces of business were taken up and the business disposed of. Mrs. Baurhyte, whose special hobby is the Maternity Home work, spoke on that subject, and the federation endorsed the action of the Woman's Club of Santa Ana in requesting the Board of Supervisors of Orange county to provide a maternity room in the new county hospital soon to be built.

Mrs. Westland's talk before the federation was on club work in general, and like Mrs. Baurhyte's address, was of genuine interest and value.

The delegates attending Saturday's meeting separated feeling that the day had been highly successful from every viewpoint. The local clubs were well represented, the four federated Santa Ana clubs each sending delegations. Mrs. A. J. Lawton gave the report of the Eboli Club for the president, Mrs. Samuel W. Nau, and also for the Civics Club of which Mrs. Lawton is president. Mrs. Anna Gale gave a report for the Woman's Club of which she is the presiding officer, and Mrs. Emory Ratcliffe, representing Miss Carlier, the president, reported for the Art Study Club.

The Anaheim club women were highly praised as hostesses, they having spared no effort to make the meeting one of social and intellectual interest. Their hospitality was highly appreciated by the large number of women who were its beneficiaries.

**W. C. T. U. Meeting**  
The W. C. T. U. will meet on Tuesday at 2:30 p. m. at the home of Mrs. R. H. McElree, 606 North Ross St. This is a mothers' meeting and a good program has been arranged. A special invitation is extended to all young mothers who are invited to bring the babies.

The president desires all members of the Union who have not paid their dues in full till March 1, 1913, to do so as soon as possible that the new treasurer may start the books straight beginning the new year.

All are invited to attend these meetings.

**"Y" Meeting Tonight**  
The "Y" meeting to be held tonight at the home of Miss Marie Harris, 636 Van Ness, will be well worth attending by all young people as an entertaining program has been arranged including a debate, special music and a social hour.

## Birthday-Farewell Party

Geraldine Lambert, the little protégée of Mrs. G. P. Hill, having for the last year and a half been a member of the Hill household, reached her tenth birthday last Saturday. Little Geraldine is also preparing to go to Benton, Ill., in a few days to reside with an aunt, hence a farewell and birthday party was given for her by Mrs. Hill on Saturday afternoon where merry games were played both indoors and out. Good things to eat of the kind children best love were warmly welcomed by the children after their strenuous romps and games in the open air.

The young guests were Roxanna McPhee, Azeline Shallenberger, Clara Kramer, Kathleen Tucker, Frances Egge, Ruth Beach, Vesper Ball, Jessie Fowler, Grace and Louise Robertson, Josephine Hervey, Elizabeth Anderson, Jene Harding, Gladys Van Gorder.

**Waite-Anderson**  
Clarence R. Waite of Villa Park and Bessie Anderson of this city were quietly married this morning by Rev. D. Scarborough.

Miss Anderson was the daughter of Mrs. Della Anderson and a graduate of the Santa Ana hospital of the class of 1906. She will be at the home of her mother for a few days preparatory to moving to the ranch home of Mr. Waite at Villa Park.

**Parent-Teacher's Meeting**  
The Parent-Teacher's Association of the Roosevelt school will meet tomorrow night in the Kindergarten room at 7:30 o'clock. This will be a "father's meeting." "The Penny Savings Bank," will be discussed by Prof. McMath; the "Bank Laws Pertaining to Pennp Savings," by W. A. Zimmerman, and "California Laws Assisting Children and Schools," W. H. Thomas.

**A Cousin Party**  
Mr. and Mrs. Arthur McFadden were host and hostess on Friday night at their ranch home for a jolly little gathering which was designated as a "cousin party." The affair was in honor of Mr. and Mrs. Roy of Lancaster, Pa., who like the guests of Friday evening's affair, are cousins of the McFaddens. The Hays have come to Santa Ana to live and are located on Fourth street.

**Talks in New Capacity**  
Rev. Chas. H. Seecombe, formerly of the Santa Ana Congregational Church and one of the most accomplished speakers who ever located here, was scheduled to deliver an address today on "Play Ball" before the Ad Club of Los Angeles. Mr. Seecombe speaks in his capacity as business manager of the Real Estate Bulletin and Building News of Los Angeles.

**Old Fashioned Candy Pull**  
At the parish hall of the Church of the Messiah tomorrow evening St. Elizabeth's Guild of that church will hold a social and a home-made candy sale. Booths are to be erected and attractively decorated where the candy will be displayed, the booths to be in charge of the girls of the guild. There will also be moss agates and Mexican baskets for sale.

A general good time is expected to be had, and it is hoped that the members of the parish will respond generously and thus encourage the Guild girls to undertake other affairs of a like nature.

**Union of Hearts**  
John Hadley Pryor and Miss Vida Damron of Huntington Beach were Rev. Paul E. Wright officiating at the First Christian Church of Santa Ana, Rev. Paul C. Wright officiating at the ceremony, says the Huntington Beach News. Among those present were Mr. and Mrs. D. G. Wetlin, the latter a sister of the groom, and Otto Lindner of Huntington Beach. The bride was attired in a white serge suit with tailored hat to match and carried a bouquet of violets. She is a daughter of Mr. and Mrs. Joseph Damron of this city, a popular and estimable young lady who numbers as her friends here all with whom she has come in contact, and the groom, a son of Mr. and Mrs. F. M. Pryor of Huntington Beach, is a young business man who is beginning his career with the good wishes of many friends. Both have lived in this section many years and they have for a long time been looked upon as especially suited to

each other. They have the good wishes of the community in their new estate and every prospect of a life of usefulness and happiness.

Mr. and Mrs. Pryor, after a short honeymoon trip at Catalina Island, will reside here in a cottage on Ninth street.

**Barbecue-Picnic**  
The members of the Philathea and Baracas of the First Methodist Church had a thoroughly good outing on Saturday afternoon when young people enjoyed a barbecue picnic in Orange County Park.

They barbecued their meats and roasted the "spuds" that were the principal items in the picnic menu.

**Choral Society Reunion**  
Gratified over the success of the recent presentation of the "Rose Maiden" the director and members of the Santa Ana Choral Society will meet tonight in a social way at the First Congregational Church to spend an hour or two together in talking over past achievement and possibly planning informally for future study.

**Roosevelt 7th Grade Picnic**  
(By Olive Brown, Edna Mara and Mildred Hoxsie.)

A crowd of happy children gathered together at Roosevelt school Saturday morning at 7 o'clock to greet the sunrise as it ascended over the eastern hills. They were making ready for a start on a picnic trip to the canyon. As soon as the merry ones reached their destination they clambered to the Toboggan Slide, where every one of the children took a ride, including the "teacher" and the "caper." After the gathering at the table for the delicious lunch the children climbed gaily over the hills.

It was a happy crowd of children that started back at 5:30 o'clock. It was quite dark before they reached home. An enjoyable part of the trip was the taking of pictures by two boys. There were about thirty-five pictures taken.

Those who attended the picnic were the chaperons, Mrs. F. S. Browne, Mrs. Whipple, and Miss Clingan, the grade teacher; Misses Florence Sweet, Helen Kellogg, Mary Smith, Dorothy Whipple, Eva Toward, Aletia Merigold, Edna Mara, Mildred Hoxsie, Olive Browne, Helen Sylvester; Messrs. Llewellyn Wilson, Johnnie McCune, Harold Albright, Johnnie Cozad, Malcolm Finley, Donald Smith, Richard Mara, Ralph Johnson, Carroll Stevens, Cornish Rehm, Forest Myers, Dwight Ferris, Reginald Hoxsie, Neal Mitchell, Alvin Teal, Claude Corum, Eddy Newman, Loire Rehm.

**To Consider Pastoral Supply**  
The pastoral committee of the First Congregational church of this city yesterday issued a notice to the church that the question of pastoral supply will be taken up next Sunday morning.

## Personals

Dr. Mary Craft of Whittier, and Arthur Isch of Laguna Beach, were guests at the Joseph Yoch home over Sunday.

Father Eumeulen went to National City and Escondido today to arrange for the care of his former parish and to look after personal affairs. Father Eumeulen has succeeded Father Stoeter in charge of St. Joseph's Catholic church here.

Miss Nellie Hill returned to Redlands University today, her father, G. P. Hill, taking her to the citrus city in the new Hill automobile. Misses Emma Levitt, Lucy Hill and Irene Catland went along, returning this evening with Mr. Hill.

Mr. and Mrs. O. H. Hall, Jr. and daughter Daisy returned to Los Angeles last evening after an over Sunday visit by Mr. Hall and a stay since Thursday of Mrs. Hall and daughter.

Harry Perry of Los Angeles, came down Saturday for an over Sunday visit with friends, returning last evening to the city.

Mrs. L. H. Hill and two children left today for Burlington, where Mrs. Hill will visit her father.

Mr. and Mrs. R. S. Marple motored down today from San Gabriel, where they are now residing in their beautiful new home.

Frank Miller, who came here from Oshkosh, Wis., to reside, has gone to Santa Monica, leaving yesterday. His family will follow about the middle of the month. Mr. Miller is a carpenter and found abundance of work at Santa Monica.

Mrs. Margaret Mason has returned to Los Angeles after several days' visit here with her brother and wife, Mr. and Mrs. Joe Head, and many friends here.

C. H. Wilson, for so many years on the postoffice staff, left today for his land near Pearce, Arizona, where he is to reside. Mr. Wilson took a carload of furniture, stock and fixtures for his farm. When the place is made ready Mrs. Wilson will join her husband in the new home.

## HIGH SCHOOL NOTES

The preparation for the material for the June issue of the Ariel is engaging the time and attention of a number of the students at the present time. Great efforts are being made to make this the best commencement number ever published.

To encourage the students to greater endeavors, two contests are under way. The state has offered two bound volumes of the two numbers of this year's Ariel to the two students who write the two best original stories. The printers of the Ariel are offering one volume of the paper to the pupil who makes the best drawing for the next issue. These three prizes are all worth working for; they will be bound in the best possible manner and will represent the best bindings obtainable in the city. The persons winning the prizes will have three books which will be a credit to any library and which will be a lasting pleasure.

That all important subject in the minds of the seniors, the selecting of the cast for the class play, was settled last evening. This in itself is no small and easy matter. It means that a cast of about fifteen must be selected judiciously and impartially from a class of about seventy-five. No matter how conscientious, and painstaking the manager or critic may be, there is always sure to be some temporary ill-feeling. However, it is believed this has been reduced to the minimum. Ernest Crozier Phillips, who will have charge of the presentation of the play, selected the members of the class who were best suited for the different roles, and arranged the try-out yesterday. The persons who did the best work with his or her part were put down for that position in the cast.

The name of the play is "The Man From Home," and it is supposed to take place in Italy in the present time. The plot deals with the travels of a young American girl and her brother and her subsequent near-marrriage to the worthless son of a scheming English earl. A Russian convict causes some excitement, and altogether there are a number of interesting scenes. No doubt it will be one of the best plays that any graduating class of the local school has put on.

The cast and the characters are as follows:  
The Man From Home, Paul Schooley  
Ethel Granger-Simpson, the American girl  
Winifred Huser, Countess de Champigny  
Anna Walker  
Lady Creech  
Elsie Wingood  
Almerie, son of the Earl of Hawcastle  
Louis Briggs  
Horace Granger-Simpson, Ethel's brother  
Fay Wright  
Ivanoff, the Russian convict  
Ralph Lowry  
Grand Duke Vasilvitch  
Malcolm Tedford  
Earl of Hawcastle  
Lloyd Avery  
Marshall Greenhouse  
Ribiore, secretary to the Grand Duke  
Chauncey Pond

That the Roney's Boys entertainment, to be given in Spurgeon's Hall next Wednesday evening is a high class and popular attraction is proved by the flattering testimonials of people who have heard their concerts. This organization is no new experiment, but has made good for a number of years. Several local people will vouch for the quality of its concerts. The two concerts here next Wednesday afternoon and evening will be given under the auspices of the student body of the high school, and all who attend will enjoy the entertainment and at the same time assist the school.

## AMUSEMENTS

"Shylock's" Pound of Flesh at the Bell Theatre

Manager Roberts has at considerable expense secured for his many patrons a special film subject, of two reels, and like all of his high class attractions is first run in Santa Ana. This big feature film is a gorgeous and splendidly portrayed production adapted from Shakespeare's "The Merchant of Venice," and is of unusual merit, containing the most gorgeous settings, faultless costuming and skillful acting. This great play is too well known to go into any lengthy description and it is enough when it is said, that in this production you will see it presented better by far than it has ever been produced on any stage in recent years. It is a show of itself. Two other good pictures and a big vaudeville number, Sather and Sweney, in harmony, ending in a double yodeling will fill our L. S. new show at the Bell for Monday, Tuesday and Wednesday.

## Boy Is Captured

## TELLS OF FLOOD AND SCENES OF DISASTER

E. E. Cooley today received the Daily Advertiser, published in his home town of Tiffin, Ohio. The paper is devoted to a detailed account of the awful experiences during the recent flood in that city of 16,000. Twenty lives were lost and the property loss was more than a million.

In many instances people were taken from the upper stories of buildings surrounded by water, in baskets made for rescue work that swung on the wires of the telephone and telegraph companies.

Mr. Cooley's sister, who visited him this winter, is living in Tiffin, out as yet word has not been received from her. Her property loss may be less because of her residence on the high ground of the city.

## WORTH FASHION HINTS

NEW YORK, April 7.—Jacques Worth, Paris costumeur, has disclosed for the first time since arriving in New York, just what fashions his firm had decided upon for spring and summer. Briefly this is the edict:

The prevailing color is white.

The proper material is crepe de chine.

The style is one of the draped effects.

Angel sleeves, those long trailing ones, are to be the vogue.

The skirt is to be three-quarter length and just long enough so that the toes of the shoes show when the wearer walks.

The slim girl is here to stay.

Mr. Worth scores the slashed skirt.

## Funeral Services

The funeral of Carl Truman, infant son of Mr. and Mrs. H. J. Gerkin, was held Saturday at 2 o'clock at the home of the parents, Rev. Michel officiating. Mrs. Charles Johnson sang "That Sweet Story of Old" in interment was in Fairhaven Cemetery.

## SPINNERS ORGANIZING

LEICESTER, Eng., April 7.—As the result of a recent dispute which affected some 700 men and women spinners, the formation of a Leicester Spinners and Auxiliary Workers' union is now in progress. There are between 2000 and 3000 spinners in this town.

## MODERN WANDERING JEW

WASHINGTON, April 7.—Albert Hoffman, aged 69, who must walk twelve hours a day or die, spent yesterday in hiking about historic Washington. He left for New York late in the afternoon.

Hoffman was injured in the wreck of a building in the San Francisco earthquake. After the injury his blood refused to circulate properly, and in order to save his life an eminent specialist prescribed walking.

Since then he has wandered over the country in emulation of the wandering Jew.

Beebe Won Mile and Half-Mile  
in Field and Track Meet at  
Berkeley Saturday

HIS SCHOOL TIES  
FOR THIRD PLACE

Three or Four Santa Ana Boys  
to Be in Contests to Be Held  
This Week

Beebe, an athlete of the Anaheim Union High School, on Saturday won two first places in the Pacific Coast interscholastic meet at Berkeley. By his own unsupported efforts, he won ten points, tying with Healdsburg for third place in a meet in which twenty-three high schools and academies took places. Stockton with 23 points won first, and Pomona with 13 got second.

Beebe's victories place him at the top of the list of high school long distance runners of the West. He won his first without approaching his limit. His time in the mile was 4 minutes and 45 seconds, and in the half-mile it was 2 minutes and 5 seconds.

It is understood here that Beebe will take part in the California interscholastic meet to be held at Stanford University next Saturday. At least three Santa Ana High School athletes will enter that meet, possibly four. None of the Santa Ana boys went north for the meet last Saturday. Bert West expects to compete in the hurdles, Adkinson in the quarter-mile and half-mile and Anderson in the high jump. Keech may enter the distance races.

Raymond Elliott of Anaheim was with Clarence Beebe in Saturday's meet, and will compete next Saturday also. Elliott did not place in the Berkeley contests. He is a good discus and 50-yard man.

VIOLET SEATON, PRIMA DONNA, WITH KOLB AND DILL

### "HOITY TOITY"

Kolb and Dill Rejuvenation Funnier  
Than Ever

There is so much money flashed in the spot at "Hoity Toity" that the millionaire feeling gets possession of you before you have much more than seated yourself.

"Hoity Toity" is one of those things that can never grow old for the reason that they are like the boy's knife that kept getting new blades and handles all the time without quite losing its identity.

With Kolb and Dill and Violet Seaton and Geo. Elmer its identity is safe and then there is Harrison Greene who

replaces Barny Bernard with much credit to himself. Elmer's song, Rag Time Melodies, with full brass band accompaniment is a rag that clings and sends you home humming and whistling the refrain. Violet Seaton finds time in the midst of a busy life as Lady Gaffer to give on the boulevard in charming style. Kolb and Dill need no introduction. Their banking scene in the last act which is centered about the First National Bank or Unnatural Bank is funnier than ever.

The music is lively and the famous Chorus Beauty are generous in their changes of costumes and musical numbers.

Grand Opera House, Wednesday, April 9th.

## Contracts Let For New Buildings At Balboa

The big things in store for Balboa this spring and summer are indicated by the fact that contracts have been let on a percentage basis by J. A. Crook of Los Angeles for the erection of several amusement buildings to be built at Bay City by the Bayside Land company. The cost will be about \$60,000.

One of the buildings will be 50 by 135 feet, two stories in height and will contain a bath house and 275 dressing rooms in the first story and a dancing

pavilion in the second. Another will be 53 by 128 feet, two stories, and will contain eight bowling alleys and billiard and pool rooms.

The third building will be one story, 53 by 128 feet, and will contain four stories. The construction will be frame with ship lap and flooring painted white on the exterior. Bids will probably be taken in a few days. The work will also include considerable grading at the bluff and an extension to the pier. A. Burnside Sturges is the architect.

## STATE PREPARING FOREST PROTECTION

SAN FRANCISCO, April 7.—That California is preparing to secure a portion of the funds appropriated by the government for the co-operative protection of the forests at the headwaters of navigable streams is indicated by a request received by the district forester at San Francisco for the assignment of a member of his force to attend a hearing on forest legislation to be held by the conservation committee of the assembly early next week. The government under the Weeks law agrees to spend not to exceed \$10,000 a year in any one state for fire protection but requires the state to spend an equal sum and requires also a certain amount of co-operation from private owners of timber land. A bill to provide for a system of paid state firewardens, and giving inducements to timber owners to assume their share of the burden of fire protection has been prepared by the California Conservation commission and will, with some changes, enable the state to receive this government aid. It is to discuss the provisions of this bill that the services of the government officers are required by the legislature.

## CALL ELECTION TO VOTE SCHOOL BONDS

HUNTINGTON BEACH, April 7.—The grammar school trustees of this city have decided to call an election shortly to decide whether or not bonds should be voted by the district to secure funds for purchasing eleven acres of land valued at \$12,000, situated at the head of Fourteenth street on the site of another school building. The present building on Orange avenue was enlarged to almost twice its former size less than two years ago, but has already outgrown its capacity and the faculty has been largely increased. There is little doubt but that the bond will carry, as the step has been endorsed by the local board of trade and a mass meeting of citizens held Thursday night.

The Shaver investment company of Los Angeles has been appointed sole selling agent for the big holdings of the Huntington Beach company in this section, comprising 1500 city lots and about 2100 acres of land near by. The agents will at once begin an advertising campaign to give wide publicity to the property.

A local branch of the Western States Home Building association of Los Angeles has been organized here to loan money to owners of lots for building purposes. L. W. Blinn, the millionaire lumberman of Los Angeles, is at the head of the concern and it is expected that the establishment of an agency here will result in rapid building of homes on lots at present vacant.

The local Christian church raised \$1200 this week by subscriptions from members to pay off a debt of that amount against the church building. Evangelist M. D. Clubb of Pomona was in charge of the meeting at which the amount was raised.

## TEN INNINGS VISITORS WON

University of Redlands and Santa Ana High Played 5 to 4 Game

Score—U. of R., 5; S.A.H.S., 4.

It took ten innings to decide what was probably the hardest fought baseball game of the season between the University of Redlands and Santa Ana High last Saturday on the home grounds.

Both teams were in perfect condition and each fought for all that there was. Up to the fourth inning neither team had crossed the home plate. In the first of the fifth the University slipped in a couple of runs and this started things off. At the beginning of the last part of the seventh the score stood 4 to 0 against Santa Ana. Pulling themselves together the Cardinals

sent three men home. At this the bleachers rose up in a bunch and let things loose for awhile, helping their team to tie the score in the last of the eighth.

Here's where the real excitement commenced. With the score tied the University went to bat but the local team had recuperated from its blow up and with everybody working together the team held the visitors down.

Santa Ana was equally as unlucky and the game was played another inning, when the University got the deciding run.

On account of his arm, Warren, the Santa Ana pitcher, was succeeded in the fifth inning by Carver. Carver has been showing up good of late and with his good pitching he kept the score lower than it would have been if he had not taken the box. Brown of Santa Ana made one of the best plays of the day by heaving the ball from center field, throwing a man out trying to steal home. Jackson of Redlands saved the day for his team by catching a hot liner with three men on bases. If he had made an error Santa Ana would easily have won the day.

The line-up:

S.A.H.S.	C	REDLANDS
McCafee	C	Hudson
Carver-Warren	P	A. Cram
Smith	1B	Vinyard
Carrillo	2B	P. Cram
Dubart	SS	Jackson
Carver-Brown	3B	W. Hentseck
Elliot	RP	Echeveria
Wilson	CF	A. Hentschke
Walters	LF	

1 2 3 4 5 6 7 8 9 10  
U. of R. 0 0 0 0 2 0 2 0 0 1  
S. A. 0 0 0 0 0 0 3 1 0 0

Strike-outs—For Warren, 5; Carver, 4; Cram, 7.

### MRS. WILSON AND DAUGHTER AID IN SCHOOL MOVEMENT

WASHINGTON, April 7.—Miss Margaret Wilson, eldest daughter of the President, and Mrs. Wilson have entered into the effort now on in the national capital to have the public schools turned over to the people after school hours for super-educational and recreation purposes.

A conference is being waged between Miss Wilson and the school authorities in which a plan of education is being worked out.

### BIG INDIA COTTON CROP

NEW YORK, April 7.—Exports from all territories having areas in cotton in India according to final general memorandum of the government, give an estimated yield of 3,255,609 bales of 500 pounds each. This compares with 2,630,000 bales a year ago, making an increase of 34 per cent. The total area was 21,911,000 acres, or an increase of 296,000 on the area of 21,615,000 acres a year ago.

## BRYAN ADMITS PROTESTS ARE FILED

Ambassador Wilson Charged With Complicity in Madero's Death; Widow Accuses

WASHINGTON, April 7.—Secretary of State Bryan admitted that protests had been filed charging Ambassador Wilson of Mexico City with complicity in the assassination of former President Francisco I. Madero and former Vice President Pino Suarez, had been filed by Rojas. He refused to comment, saying merely that he would hear any grievance against Ambassador Wilson.

Mrs. Madero Makes Charges  
NEW YORK, April 7.—Senora Sara Perez de Madero, widow of the murdered president of Mexico, lays the moral responsibility for his death at the door of United States Ambassador Wilson. She says he had advanced knowledge of the coup d'etat overthrowing the Madero government; that he advised Huerta to do what he thought "best for the interests of the country," and that he told her Pino Suarez would have "to disappear." She charges that Wilson refused to take the responsibility of saving her husband's life and that he suppressed a telegram to President Taft asking aid in saving Madero.

### AMERICAN AND CUBAN FIGHT DUEL—AMERICAN IS KILLED

HAVANA, April 7.—Rudolph Warren, son of Jere Warren, a prominent American sugar planter, died at a hospital here last night from a pistol wound in the abdomen which he received in a duel Saturday with Haniel Mesa, a member of a wealthy Cuban family.

The two young men recently had several physical encounters and are reputed to be rivals for a woman's affections. As a result Mesa challenged Warren.

The duel was at thirty-five paces. Warren fell at the first fire. Mesa was not harmed and sailed for New York.

## CONGRESS MET TODAY IN SPECIAL SESSION TO CONSIDER TARIFF

(CONTINUED FROM PAGE ONE)

such as always accompany the convening of a new Congress, then were adopted and the Senate sent in word that it had named a committee to act with a House committee to notify the President that all was ready for his wishes.

Under time-honored precedent, the lottery of seat-drawing was the next scheduled procedure. But the rearrangement of the House chamber, whereby benches replaced the familiar desks and swivel chairs, made a change necessary. Leaders planned to submit to the House the proposition of whether members take any seat that suited them on all occasions or have a place definitely assigned. In former Congresses, the drawing for seats was one of the most picturesque incidents of the convening of the national legislature.

In the Senate the procedure was without other special formality than the reading of the President's proclamation. Election of officers and swearing in of new members had been disposed of before the March adjournment.

The Senate was in session only twenty minutes. Sherman of Illinois and Goff of West Virginia were sworn in. In the House, after Speaker Clark's re-election, Mann of Illinois escorted him to the rostrum and introduced him with a eulogy.

### APPROVE STOCK ISSUE

BOSTON, April 7.—The railroad commissioners have approved the petition of the Athol and Orange street railway for authority to issue 905 shares of common stock and 1500 shares of 6 per cent cumulative preferred stock at a par value of \$100, proceeds to be used to pay indebtedness incurred in the purchase of the Templeton street railway.

### CONDITIONS IN SOUTH DAKOTA

MINNEAPOLIS, April 7.—J. L. McCaull of the McCaull-Dinsmore Company, the Minneapolis grain commission firm, says conditions are more favorable for St. Paul, Chicago, North-western and Minneapolis & St. Louis roads in South Dakota this spring than has been the case for several years at this time.

## ASSEMBLY ASKS FOR TARIFF ON BEET SUGAR

Vote 55 to 14—Jordan Hearing Is Made Public; Says Office Lacks Money for Needs

SACRAMENTO, April 7.—Representative Sutherland's joint resolution in calling on President Wilson and congress to sustain the tariff on beet sugar passed the assembly by a vote of 55 to 14. Finnegan, Wall, Stuckenbruck and others spoke vigorously against the resolution, declaring for tariff for revenue only.

Jordan Hearing Made Public  
SACRAMENTO, Apr. 7.—The Jordan hearing was thrown open to the public today. Secretary Jordan, interrogated by Neylan, said the state did not furnish sufficient funds to carry on the required work, and that he hired help, paying them from "certain funds he had made available." He refused to state how the funds were raised.

Neylan's inquiries were directed at the charges he declared were made that Jordan's son, Frank M. Jordan, who is in charge of the Los Angeles branch office of the state motor vehicle registration department, used his position to favor certain insurance companies, furnishing them with lists of registrations. Neylan said: "Don't you know he has built up a regularly organized business there on the basis of the rights given him to issue a license?"

Secretary Jordan said he was not aware of that but admitted that while his son was employed as a state agent he was paid a salary by a big Los Angeles automobile club.

## MRS. PANKHURST CRITICALLY ILL

In State of Collapse After Starting Heroic Hunger Strike

LONDON, April 7.—Home Secretary McKenna has asked the Hollowa Jail physicians to report the condition of Mrs. Pankhurst, which has been said to be critical. Mrs. Pankhurst has not yet been forcibly fed.

### MRS. PANKHURST ON HUNGER STRIKE IS IN A STATE OF COLLAPSE

LONDON, April 7.—Mrs. Emmeline Pankhurst, who is on a hunger strike in Hollowa jail, has been forcibly fed according to the Express and is in a state of collapse. Her condition is considered serious. She refused food and resisted all efforts to feed her.

Rioting at the suffragette meeting in Hyde Park, which has become a regular Sunday afternoon diversion, was repeated yesterday. Only the big force of police prevented the rioters from handling the women roughly.

Two suffragettes talked for half an hour, but were unable to make themselves heard above the uproar of horns and shouting. Misses of various kinds were thrown and Miss Brackenbury was struck in the face. Mounted police finally escorted the women's van from the park.

### JUST ORGANIZED A BOOSTER BODY

New Body Names Its Officers and Takes Progressive Steps

Anaheim Plain Dealer: On last Thursday evening twenty-six of the most prominent business men and citizens of Brea met in a business session the purpose of which was to organize a chamber of commerce and take up the discussion of the various needs of the city.

At the close of the meeting a permanent organization with the following officers had been effected:

President—Harry Ray, manager Stern & Goodman store.  
Vice President—W. E. Mitchell, proprietor Brea Garage.  
Secretary—A. J. Olson, cashier La Habra Valley Bank.

Treasurer—La Habra Valley Bank.  
Street cleaning was the first subject up for discussion after the business session, and provision for that improvement was established.

Arrangements were also made for the planting of shade trees on residence streets, a feature that will be more appreciated than most any other one thing as the town grows older.

Another important feature was that of providing fire protection. Nothing was accomplished at this meeting in regard to this, but the subject will be more thoroughly discussed at the next meeting, which will take place at the call of the president upon the completion of the drafting of suitable by-laws for the organization, now in the hands of a committee selected for that purpose.

### CHINAMEN IN PHI BETA KAPPA

ITHICA, April 7.—Out of a registration of 5000 students at Cornell University, of whom 400 are "coeds," eleven women have been elected to society of Phi Beta Kappa. Election to this organization is based on scholarship records over a four years' course. Of nine men elected, three are Chinamen.

### PEARY VISITS ITALY'S KING

ROME, April 7.—King Victor Emmanuel yesterday received Admiral Peary, who is attending the International Geographical Congress here. The interview lasted half an hour, and was most interesting, the King himself having penetrated the arctic regions by visiting Spitzbergen in a yacht several years ago.

### HORSE RACING AT TIA JUANA

SAN DIEGO, April 7.—Richard Canfield of Tonopah, Nev., has secured valuable concessions at Tia Juana, Mexico, according to well authenticated reports, and is expected soon to revive horse racing there, it is announced. It is believed that he will begin operations within a very short time, as he is said to have obtained almost unlimited privileges.
